 - Created drone telemetry software for efficient post-flight construction analysis and reporting.

Education

Master's Degree in Software Engineering, Abou Bekr Belkaid University of Tlemcen 09/2019 – 06/2022
Tlemcen

Technical Skills

Core Technologies

- C++
- Qt
- QtQuick
- QML
- CMake

Embedded & Hardware

- Embedded Systems
- CAN Bus
- Electronics
- Networking

Database

- MySQL
- PostgreSQL
- SQLite

Software Development

- Cross-platform development
- Windows
- macOS
- Linux
- Multi-threading
- Git
- GitFlow
- Docker
- GitHub Actions

UI/UX

- Figma
- Canva

Project Management & Collaboration

- Scrum
- Jira
- Trello
- Github Projects
- Leadership
- Teamwork
